10. On the last screen before you fill in your payment information it will ask you if you want the domain Private or Public. We recommend that you set it in Private mode, but it's entirely up to you on what you set it as. On the same page you will be able to check how long you want the domain to be registered for. By default Fast Bob will set it to 2 years, but you can set it to 1 year, 3 year, 5 year, and 10 year registration.

The screenshot shows a yellow rectangular box containing two radio button options. On the left, there is a red arrow pointing right with the word 'Yes!' written inside it. The first option is selected, indicated by a green dot in the center of the radio button. The text for this option is 'Make it Private ("unlisted")' in red, followed by 'Just \$9.95/yr per domain (Plus registration fee)' in black. The second option is 'Public Registration', which is not selected, indicated by a grey dot in the center of its radio button.

11. After you have selected the options you want as well as anything else that you decided to purchase, the you will need to fill in the payment information. This will vary according to the method you have chosen to pay with.

NOTE: When you are done with your purchase you will need to email us your account login information so that we may be able to login and forward your domains. The information consists of:
